

Money Saving Top Tip's In the bathroom

Following this advice all year round can save you up to £350 per year.

- Reducing your shower time to around five minutes can save £190 a year (based on family of four).
- Having a shower instead of a bath can save £309 a year (based on family of four).
- Switch off the tap while brushing your teeth or shaving saves money and water.
- Keep your bathroom door closed while having a bath or shower and open your window or use extractor fans to prevent condensation in other areas of your home
- Don't flush cigarettes, cleansing wipes or other items of rubbish down the toilet as this wastes water and is the main cause of blocked pipes and drains.
- A dripping tap can waste around 20 baths of water a year.
